

## Dr. Sherry Nooravi, PsyD, CEO + Founder

I am an organizational psychologist and executive coach who specializes in partnering with leaders to help them create engaging, innovative and productive cultures. My mission is to help individuals, teams and organizations lead in an empowering, bold and inspiring way so that their **Strategy Meets Performance**.

### What I Believe, Promote and Transform

I **believe** we can be the change we want to see in the world. I've lived this in my personal, professional and community life and help my clients achieve the same.

I **promote** helping leaders celebrate their strengths and successes, share their voices and work on what may be holding them back from tapping into their deepest potential.

I **transform** the leadership of individuals, teams and company cultures. Whether you are a CEO, member of the executive team, a director or a new manager, I will help you lead in a way that is authentic, courageous, inclusive, engaging and helps bring out the best in your people. As your executive coach, I will be your support on your journey of growth and your inspiration. I will also be a mirror who will share observations on your mindsets and actions that you may not be aware of.

### Executive Team Development

I will help you transform your executive team so members are aligned, feel safe to communicate their truths with courage and confidence and create a productive path forward with the right vision, values and goals.
